

United Veterans of Maine ARC Membership Application

___ New Application ___ Renewal of Membership

Few realize the expense of setting up, maintaining and periodically upgrading repeater systems. Few also realize the expense involved with carrying on our desire to bring amateur radio education and VE testing sessions to some of Maine's most rural areas. The cost to keep up with materials, effective communications and facilities can not be the responsibility of just a few individuals.

Therefore, the United Veterans of Maine ARC has voted to seek membership dues to help offset these types of expenses, plus also provide world class service when we are called to help in an emergency situation. Your membership dues will serve as an outstanding contribution to uphold a standard in the amateur radio service. That is to promote, educate, train and mentor radio operators with the utmost of excellence and professionalism. We thank you in advance for your support!
